

# MURAL FAQ

You've got questions and I've got answers! Thank you for your interest in getting a custom Artist Jones mural. With over 20 years of Design experience and over a decade of painting experience, I look forward to bringing your vision to life.

## WHAT IS YOUR TYPICAL TURNAROUND TIME?

Typically a mural can take anywhere from one day to a few weeks, depending on the size and detail of the work. If you have a timeframe for completion, this will be outlined in the project's scope of work to ensure the deadline will be met.

## WHO IS RESPONSIBLE FOR SUPPLIES?

The cost of supplies is factored into the project quote. The final cost of supplies is added on to the final invoice.

## PAYMENTS

Payments will consist of 2-3 installments, over an agreed upon timeline throughout the project. The first payment will be a non-refundable deposit to begin work and cover the cost of supplies.

## HOW MUCH WILL MY MURAL COST?

Most people would like a mural, but are unsure of the cost. My mural costs vary based on project detail, distance and size and texture of wall. Below is an idea of various kinds of detail and the price per square foot. **Please do not be alarmed when asked what your budget is.** I want to give you not only a great customer experience, but also a quality mural that meets your satisfaction within the constraints of your budget. You will be provided visual options that both fall within your budget and may slightly exceed your budget to get an idea of possibilities. I work very hard to align with the client's expectations and budget.

## TRADE

Should the cost of the overall project exceed your budget as a business, part of the cost can be paid in trade of goods or services and will be outlined in the project scope and contract.
